SPOKE IN SCOTLAND. DECREASE IS SLIGHT.

Six Thousand Persons Heard Chamberlain Make First Speech.

GLASGOW GREETING. BEGINNING OF END.

Former Colonial Secretary Declared That With Preferential Treatment Britain Could Control Foreign Trade.

Glasgow, Oct. 7.—St. Andrew's hall was packed to its full capacity, 6000, when Joseph Chamberlain rose Tuesday evening to deliver the first speech of his finance campaign. His appearance caused a tremendous outburst of enthusiasm, the ovation lasting for several minutes.

Mr. Chamberlain returned his thanks for this, the first opportunity of explaining his fiscal views. He was loyal to the part in which he had found a leader every member might have been proud to follow, and warmly refuted the insinuation that under any conceivable circumstances would he come in competition with his friend and leader.

The former colonial secretary added that he desired to prepare the country for a struggle in which, if vanquished, it would lose its place among the nations.

After the presentation of lengthy trade statistics, Mr. Chamberlain said that if the colonial trade did not increase with the population of the United Kingdom, with the decrease of foreign trade, Great Britain would sink into a fifth rate nation and her fate would be the same as that of the empires of the past.

Speaking of the consequence of the present policy to this country, this Chamberlain pointed out the loss of the tin plate trade and said that if they could have offered the United States advantages to leave the trade alone it would have been retained. The result of such a policy, the speaker claimed must be the entire loss of the colonial trade, while on the contrary, with preferential treatment, the United Kingdom would capture the foreign trade with the colonies and give employment to additional millions of workers.

ROYAL ARCH MASONS.

General Grand High Priest Taylor Eulogizes Late President McKinley.

Little Rock, Ark., Oct. 7.—The thirty-second triennial convention of the general grand chapter of Royal Arch Masons of the United States opened Tuesday. After addresses of welcome and responses, Dr. James W. Taylor of Louisville, Ga., general grand high priest, delivered his triennial address. In reference to proposed dispensations for charter sat Havana, Cuba, and Manila, he said:

"While I am very anxious for the spread of Royal Arch Masonry, I think the general grand chapter should be very particular in regard to the matter of enacting chapters in foreign lands and the islands of the sea, and avoid, if possible, any disagreeable complications, with which we have had some experience, and I do not think the craft will suffer from the exercise of such caution."

A feature of the address was a tribute to deceased members, among them President McKinley, of whom the general grand high priest said:

"Just to his people, loyal to his country, liberal to his enemies and true to his Creator, companion William McKinley was a man and Mason, loved for his worth and honored for his integrity."

The report of Christopher G. Fox of Buffalo, N. Y., general grand secretary, shows that the total number of affiliated Royal Arch Masons is 219,965. In the past three years the receipts were \$438,831.77, and the expenditures \$374,442.84. The report contains the following recommendation: "The general grand chapter has promulgated a system of work and lectures, and it has adopted a code of the essentials of a Royal Arch Masonry, with a view thereby of securing uniformity of work and essentials. It should, therefore, complete its course of instruction, by its consistent approval of a method of communicating the teaching of the cryptograph, to the end that, like the other systems, it may become the standard of uniformity for all the jurisdictions that may choose to adopt it."

PHILLIPPI PITCHED.

For the Third Time He Is Responsible For Pittsburgh's Success.

Pittsburg, Oct. 7.—Notwithstanding showers and threatening weather the first game on the home grounds of the world's championship series between Pittsburg and Boston was played Tuesday. Phillippi again pitched for Pittsburg and again was his great work mainly responsible for the downfall of the American League champions. His control was perfect and his support superb, a dropped throw ball by Bransfield being the only misplay.

The series now stands three to one in favor of Pittsburg. Score: Pittsburg, 5; Boston, 4.

Three Straight.

St. Louis, Oct. 7.—The Americans again won from the Nationals Tuesday. This makes it three straight games for the American League team. Score: Americans, 10; Nationals, 2.

Nineteen New Cases Developed at Laredo on Tuesday.

BEGINNING OF END.

At Monterey Seven More Persons Have Been Stricken Down by the Dread Scourge. Three of Them Children.

Laredo, Tex., Oct. 7.—The number of new cases of yellow fever as compared with Monday's figures show a slight decrease, nineteen new cases having developed Tuesday. The experts in charge state there is no cause for alarm over the increase of the past two days, that this increase indicates the beginning of the end.

Tuesday's official bulletin is as follows: New cases, 19; deaths, none; total cases to date, 102; total deaths to date, 5.

The latest reports from Minera state that there have been three deaths out of five cases, one death having previously been reported. The physicians are working unceasingly to stamp out the disease and it is now evident that success is sure to crown their efforts.

There has been no change in the situation at Nuevo Laredo, no new cases being reported from there.

At Monterey seven suspicious cases were reported to the board of health, three being children of the late Dr. A. G. Alderman, the first victim of the disease in this city. The other cases are those of Mrs. Gonzales and her three children, who live near the residence of Dr. Alderman. The latter are in their home pending further investigation, and the children of Dr. Alderman are cared for at the Alderman home.

Several points in Mexico have established a quarantine against Laredo. People are not allowed to stop at Salinas, Villalidma, Bustamante, Sabinas, Hidalgo nor Lampasos. Those who alight from the south bound train at any of these points are compelled to board a returning train for Laredo or are placed in quarantine.

Quarantine stations have been provided at these towns and transients under suspicion will be kept within extra fine netting until the time of suspicion elapses or they have returned to Laredo.

Reports from Victoria, Mex., say that conditions there are much improved.

BISSELL PASSES AWAY.

Former Postmaster General Departs This Life After a Long Illness.

Buffalo, N. Y., Oct. 7.—Wilson S. Bissell, formerly postmaster general died at 10:15 o'clock Tuesday night. About noon he sank into a deep sleep and it was with difficulty that he was aroused at intervals during the afternoon for nourishment and medicine. The end came easily and peacefully.

Dr. Dewitt Sherman, the physician who has been attending him during his recent illness, and members of the family, were at his bedside. Mr. Bissell suffered from complications thought to be akin to Bright's disease, although not well understood. On June 1 Mr. Bissell's trouble became so serious that he was sent to New York to consult specialists. It was thought an operation would be performed but after an examination the specialist decided that it would be better for the patient first to rebuild his health. He was sent to his summer home, Bar Harbor, where he spent several weeks. He spent most of the time there in bed and it was realized that his case was hopeless. In September he returned to Buffalo. Some important legal matter in which he was interested was disposed of and Mr. Bissell was again forced to bed. He suffered no pain, sleeping most of the time.

When awake his mind was always clear and he conversed with members of the family and the physicians. During the latter part of his illness numerous messages of inquiry were received from former President Cleveland and members of the cabinet in which Mr. Bissell served as postmaster general.

COTTON BELT REPORT.

Compared With Previous Year There Has Been Little Change.

St. Louis, Oct. 7.—The report of the St. Louis Southwestern railroad (Cotton Belt) for the fiscal year ended June 30 was submitted at the annual meeting of the stockholders held here Tuesday. Compared with the previous year but little change is shown. The report shows gross earnings of \$7,278,574, operating expenses \$5,256,163, net earnings \$21,022,411, total income \$2,205,013, charges against income \$1,510,173, leaving a surplus of \$694,834. Last year's surplus was \$728,189.

STRUCK BY TRAIN.

BRYAN, TEXAS, OCT. 8, 1903

"MORE LIKE IT"

The Eagle's short editorial yester-
day on present conditions that
cannot go on much longer, and
plea for a Democratic victory in
the national election next year,
brought commendation over the
phone from a reader whose good
judgment is valued. The gentle-
man asked "for more like it."

It is a good sign when busy busi-
ness men take up the study of con-
ditions as critical as they are in
this country today, for it shows
there is hope for a better day to
come.

To the student, conditions are
little less than alarming. The
long ascendancy of the republican
party's policy of "grafting" every-
thing and everybody has had its
influence on the whole people, even
those of the opposing party, and
strange as it may seem, there are
plenty of so-called Democrats who
now believe that spoils of office is
the only thing a man is supposed
to be elected for.

There are people high in the
councils of the Democratic party
who will argue that it shows great-
ness for a man to get rich in office.
Without corrupt practice, Carnegie
and his pals could never have kept
the tariff fastened at the throats of
the American people until he and
they grew rich beyond the wildest
dreams of avarice, while the other
extreme of poverty and wretched-

ness increases in like proportion
day by day. Without official lame-
ness on the part of some Texans,
certain efforts to shake off gigantic
bands of robbers that prey upon
Texans would have met a different
fate.

This country is hastening to rev-
olution or reform. Old fashioned
tariff-for-revenue Democracy, with
plain Democratic economy and
honesty is the kind of medicine
badly needed by a very sick coun-
try.

From Hondo.

R. H. Hudspeth, a farmer citizen
of Rozos county, who has relations
and friends here, writes The Eagle,
in a business letter, as follows
from Hondo City:

The boll weevil has cut our crop
off at least half. The corn crop is
the best in the history of the coun-
try. We had a six inch rain on the
28th ult., which insures fine range
for the remainder of the year. All
kinds of live stock are in prime
condition. Should any of you
good people need any meat and
bread, just draw in old Medina.
Her supply is almost unlimited.

TEN THOUSAND TROOPS

That Number March in Review at
Camp Young Wednesday.

IS GRAND SPECTACLE

Governors of Indiana and the Blue
Grass State, Together With Their
Aides, Witnessed the Pro-
ficient Soldiers.

Camp Young, Ky., Oct. 7.—Ten thou-
sand troops with spick and span ac-
countments passed in review before the
division staff and governors of Ken-
tucky and Indiana, visiting army offi-
cers and a great crowd of spectators.
The division review offered practically
the only thing in the way of a dress pa-
rade and show on the programme for
the combined maneuvers. All troops in
camp took part in this review with
brightly polished equipment, bands of
music and bodies of men marching past
the reviewing point in close order, mak-
ing a splendid spectacle. With the com-
manding officer and staff at the re-
viewing point were Governor Durbin of
Indiana and Governor Beckham of Ken-
tucky, the former accompanied by his
personal aides and the latter by many
of his staff. The review demonstrated
that while the state troops participating
in the maneuvers were more than an
average in proficiency of battle forma-
tions, they are still better in close or-
der drill and manual of arms.

DICKINSON'S TALK.

For Four Days He Holds Attention of
Boundary Commission.

London, Oct. 7.—Jacob M. Dickinson,
American counsel, resumed his argu-
ment before the Alaskan boundary com-
mission Wednesday morning in excellent
voice. This was his fourth day. He
continue his contention as to the
meaning of the term "coast" as em-
ployed in a treaty and in negotiations.
All sides admit that Mr. Dickinson is
making an excellent summing up for
the United States. He dealt minutely
with each point raised in the speeches
of Attorney General Finlay, Solicitor
General Carson and Christopher Robin-
son, K. C. of the Canadian counsel, en-
deavoring to refute by means of count-
less references to legal authorities. He
continues to hold the interest of the
members of commission, interpreting
his argument with humorous and other
illustrations, listened to with evident
pleasure by Attorney General Finlay
and other opposing counsel and by the
commissioners.

Tornado in Kansas.

Topeka, Kan., Oct. 7.—News reached
here of a tornado Tuesday evening
which caused damage to property at
Bear Creek settlement near Topeka.
Several farms and barns were destroyed.
Trees were blown down and corn
shocks and stacks scattered. So far as
known no lives were lost.

Men's Outfitters.

MILLINERY OPENING.

Mrs. C. P. Hobgood's millinery parlors were thrown open for the new season yesterday morning and were crowded all day with the ladies of Bryan and vicinity who came and went ceaselessly, and seemed never to tire in their devotion at the shrine of the milliner's art. The display includes all the new creations and must be seen by feminine eyes to be fully appreciated. There is something to suit and accentuate any type of beauty and to please all tastes. A Hiawatha hat in black and white was much admired. Gainsboroughs enjoy their great popularity still, lavender hats shaded down to dark purple are much sought, also the resada green hat with white plume. Other beauties are the castor beaver with white plume and the cornflower blue shade with r.ases. Among the loveliest of the new creations is a white mirror velvet with plumes and applique of iridescent grapes. A white plush with white crushed violets, plume tipped in blue, cut steel chains and cream applique and a white beaver with apple blossoms are also notably worthy of mention. Mrs. Hobgood, Miss Hobgood, Miss Watkins and Miss Ida McClung received the ladies yesterday and many sales were made, principally in the more expensive hats. To Miss Hobgood is due the chief credit for the season's successful opening, which continues today.

Big Values at 50c.

262 Webb Bros.

John Wittman has a variety of diversified production on the small limits of a city lot that speak a good deal for the possibilities of diversification in this section. He has a large grape arbor which yields lots of fine fruit in season, and is considered by him to be so valuable that he has at considerable expense provided a wire netting cover for it, to keep the birds from destroying the grapes. John has some excellent wine made from these grapes. He has a sample of Cuban tobacco grown in his garden which is pretty enough to make Sheller's face beam with joy to behold it, and note its delicate aroma. He has a banana tree with a fine bunch of bananas now growing on it. This is not all the horticultural assets John can show, for he produces, in their season, many good things which show the possibilities of our soil and climate, and does it without half trying—for he is a tailor and not a gardener.

For Sale.

20 acre pasture between Allen Academy and Mrs. J. D. Martin. 263 Frank Montgomery.

Mrs. W. A. Banks on yesterday received a letter from her daughter, Mrs. John T. Hanway at St. Louis, stating that her son is doing nicely under the Pasteur treatment. It appears the danger is about over. This is good news to Bryan friends.

Some new arrivals in dress goods at Wagner & Brandon's. Pebble cheviot, sharkskin granite, victoria cloth. 263

W. H. Morgan was in the city yesterday. Mr. Morgan was made treasurer of the Bryan Baptist Association at its recent meeting at Reliance.

Come and eat Oysters at the city hall Friday afternoon or night. 162

All colors in 52 inch broadcloth 85c at Wagner & Brandon's. 263

\$1.35 and \$1.50 quality of 36 inch black taffeta silk selling for \$1.25 at Wagner & Brandon's. 263

The suit of Mrs. Otto Boehme vs. the Woodmen of the World sovereign lodge for the amount of her husband's policy, contested on account of the manner of her husband's death is on trial in the district court with Judge Taliaferro presiding. Judge Scott being disqualified as a member of the order.

36 inch black taffeta silk only 98c at Wagner & Brandon's. 263

Fire broke out in the society hall on the fourth floor of the main buildings at College about noon yesterday and for a time it seemed as though a serious conflagration could not be averted. A bucket brigade was hastily put into service, however, and the flames soon extinguished with slight damage confined to the furniture, carpet, curtains, etc.

We are showing the latest shapes in Wilson Bros. neckwear. Wilson & Edge. 263

Our \$4.00 patent colt shoes for men are beauties. See them at 263 Wilson & Edge.

34 inch wool suiting only 25c at Wagner & Brandon's. 263

38 inch zibeline, all colors and all wool, only 50 cents at Wagner & Brandon's.

DIED IN JAIL.

For Fifteen Years Paralysis Prevented Man From Having Trial.
Oakland, Cal., Oct. 7.—George Jones, who has been in the county jail for fifteen years awaiting trial, has died there, aged ninety-three years. He has been incarcerated since Jan. 18, 1885, for the murder of Lorenzo Sutillo. He was convicted June 5, 1885, of murder and sentenced to be hanged July 11. He succeeded in gaining a new trial. When the trial was about to begin Jones was taken with a stroke of paralysis and has never been able to leave the jail. Time and again the case was set for trial, but a continuance was always granted.

HERCULEAN INDIANS.

Patagonians of Immense Stature May Visit World's Fair.
St. Louis, Oct. 7.—Details of the expedition to Patagonia to enlist the cooperation of the chief of the Tehuelche Indian tribe, known since the time of Magellan as the most gigantic people in the world, have just been arranged by Dr. McGee, chief of the department of anthropology in the course of recent trip to Pittsburg and Washington. Indications are that Chief Muelato will come to the World's fair with his family, including his son-in-law, and that another group of heroic stature will accompany him.

Hurricane in Germany.

Berlin, Oct. 7.—A hurricane swept over Germany. Portion of the city hall tower at Charlottenburg, a suburb, was blown down. It was 130 feet high. A wall fell at Dresden, kill four men.

Medicos Meet.

Memphis, Tenn., Oct. 7.—The twenty-ninth annual convention of the Mississippi Valley Medical association convened with a large attendance. Eminent physicians and surgeons from all parts of the country read papers. Local committees have made preparations to show the visitors a royal time during their stay.

Loaded Cotton on Ship.

New Orleans, Oct. 7.—Thirty non-union men loaded cotton on the Harrison liner Orion Tuesday. President Williams of the colored longshoremen went to the ship to see if any union men were working and he was forcibly ejected and sent across the river.

Dams Gave Way.

Seattle, Wash., Oct. 7.—Government dams at head of Lake Union have given way, doing much damage.

The Blow on the Jaw.

A man struck with any degree of force upon the mental area of the jaw, although he may be in perfect physical condition, instantly collapses and falls to the ground. The attitude assumed in recovery, which may be instantaneous or delayed some minutes, is most characteristic. He squirms about, raises his head and rolls his eyes in an attempt to locate himself. He tries to get on his side and elbow; he endeavors to rise upon his hands and knees. If he regains his feet he staggers like a drunken man, and should he proceed to reopen hostilities he is usually promptly "put out" by his adversary. The blow is practically never fatal; the heart's action is never unduly accelerated; the pulse and respiration are normal; the pupils are normal; there is no headache, no sweats, no cold extremities, no pallor—none of the ordinary signs of shock or concussion.—Medical News.

Jacob's Ladder.

Among long staircases the world over none, it is safe to say, is so long or difficult of ascent as "Jacob's ladder." This remarkable flight contains more than 700 steps, all rising with the same lift in the same direction. The steps rise at an angle of exactly forty-five degrees.

"Jacob's ladder" ascends a particularly steep hill at St. Helena. The steps are naturally the most direct route to the summit of the hill and despite their great length are traversed daily by hundreds of wayfarers. There are said to be many persons who from long practice are able to ascend the steep stairway at a rapid pace without once stopping for breath.

The Most Costly Hair.

Every year, two or three days after the fete of St. John, a market of human hair is held at Limoges. Girls, matrons and old women from the country around bargain to obtain the best price for their tresses, which are shorn off in the market place. White hair always fetches the highest price, because the color cannot be produced with dyes. It is often worth \$25 per pound. Gray hair comes next in market value, then flaxen colored, golden auburn, light and dark brown, in that order. The cheapest is black hair.

Two Fatal Mistakes.

Marie Antoinette, escaping from the Tuilleries, turned to the right instead of to the left after passing the inner arch. She lost her way, lost time and by this means lost her own head and the head of Louis XIV. So the story of Carlyle runs.

Queen Draga of Serbia meant to leave Belgrade, but waited for a going away gown, being anxious that as a fugitive she should appear in becoming attire. It was a fatal delay.

Lucky or Not.

"Eve was really a very lucky woman," remarked Mr. Henpeque. "She didn't have any woman to criticize her clothes."
Mrs. Henpeque's eyes snapped.
"On the other hand," she retorted, "she didn't have any woman around to envy the first gowns a woman ever had!"—Cincinnati Commercial Tribune.

TRIAL RESUMED.

Witness Swears Gonzales Spoke Threateningly of Defendant.
Lexington, S. C., Oct. 7.—The trial of J. H. Tillman was resumed. Juror Milton Sharp, who has been sick, has improved sufficiently to permit him to be in court. The state rested without the introduction of further testimony and the defense entered at once upon the presentation of its case. Counsel for the defendant renewed motion made early in the trial that the court instruct the jury to disregard testimony given by witnesses for the state showing a weapon in possession of defendant prior to the shooting. The court ruled this testimony to be competent.

Editorials from the Columbia State referring to defendant were read by counsel for defense and offered as evidence. The court, in ruling upon the point in controversy, stated to the jury that the purpose for which the editorials were being read to the jury was to show the feeling which existed between defendant and N. G. Gonzales.

The first witness called by the defense was T. D. Mitchell, who lived in Columbia in 1902. He testified that he had a conversation with N. G. Gonzales relative to J. H. Tillman, reciting what, he stated, Gonzales said concerning defendant. Witness said among other things: "He said 'I can slap his face and he would not resent it,' and he said 'I'll ever bat his eyes at me I'll fill him so full of lead that he will never tote it off.'" Witness said he subsequently told Mr. Tillman what he stated Mr. Gonzales said to him. On cross-examination he said he forced the conversation on Mr. Gonzales.

HABEAS CORPUS.

Beavers Resorted to These Proceedings in Court at New York.

New York, Oct. 7.—George W. Beavers resorted to habeas corpus proceedings to ascertain whether the government was not exceeding its authority in causing indictments to be returned against him in two separate first formally surrendered by his federal districts. Mr. Beavers was bondsman to the United States marshal, Lawyer Seabury, representing Mr. Beavers, then applied to Judge Holt of the United States district

GEORGE W. BEAVERS.

court for a writ of habeas corpus on the ground that it is impossible for the government legally to remove Mr. Beavers to two separate districts at the same time and that the hearings can be legal in but one, that of the first, Brooklyn. Judge Holt made the writ returnable on Oct. 9, and fixed the bail, pending the hearing of the writ, at \$2500, which was furnished.

FERRIS WHEEL.

It Is Now Thought It Will Be Set up at St. Louis.

Chicago, Oct. 7.—The Inter Ocean says that the famous Ferris wheel has been rescued from the junk pile and will be taken to the St. Louis exposition. This is now believed to be an assured fact. Men are working on the North Side dismantling the wheel for a local house wrecking company. It is said that the company will be allowed to retain the first \$100,000 of the receipts at the fair grounds.

The cost of the removal and setting up of the wheel is estimated at approximately \$100,000. After the amount named in the concession has been received it is said one-third of the profits will go to the owners of the wheel and the remaining two-thirds to the treasury of the exposition.

The value of the wheel as junk is estimated at \$30,000, but because of the expense attending its removal the present owners are said to have obtained the wheel for \$8100.

The history of the wheel abounds with legal complications. Time and again there have been reports of sale and of projects for its removal. After the World's fair the wheel was taken to its present situation on the North Side. The patronage there was too small to make the running of the wheel profitable.

TERRIBLE COLLISION.

Four Men Killed and the Engines Were Completely Demolished.

Siloam Springs, Ark., Oct. 7.—Four men were killed and two injured in a head-on collision between a double-header freight train and an extra engine four miles north of here, on the Kansas City Southern railroad. The dead: Engineer Worrel and Engineer Penrose, Mena, Ark.; Fireman Harlann, Siloam Springs; Fireman Rogers, Pittsburg, Kan. The three engines were demolished.

Message in Bottle.

Alexander Bay, N. Y., Oct. 7.—A bottle has been floating in the St. Lawrence river near here containing a message, which reads as follows: "Long Point, Lake, Sept. 17, 1901.—The steamer Harpoon is sinking; seven feet of water in hold." It was signed "Captain." The body is badly chipped, giving evidence of a long voyage.

POPULISTS MEET.

The Executive Committee Convenes at Dallas on Tuesday.

Dallas, Oct. 7.—The Populist executive committee held a meeting at this city Tuesday. Those who attended the meeting were: Milton Park, chairman, Dallas; T. J. Castleman, Bogwell; H. S. P. (Stump) Ashby, Smithfield; J. C. James, Rockwall; A. Wood-Red Oak; T. S. Lackey, Mount Pleasant; W. E. Lewis, Cornhill; G. W. Churchwell, Millsap; P. C. Brush, Roanoke; J. M. Mallett, Cleburne; F. A. Bradley, Bratton; H. L. Bentley, Abilene; J. W. Beard, Paris; H. M. McChristian, Pattonville; O. F. Dornblaser, Hillsboro; R. A. Lee and A. F. Slater, Dallas; F. M. McChristian, Kaufman, and Ira Copeland, Peoria. The action of the Denver conference, by which the two wings of the party were united, was unanimously indorsed and the policy suggested by that conference was unanimously approved.

A committee was appointed to prepare an address.

DEBS SPOKE.

Criticizes the Action of the President in the Miller Matter.

Fort Worth, Oct. 7.—Eugene V. Debs, the former Socialist candidate for president and well known railroad man, lectured here Tuesday night before a large audience. He referred to the Miller case and criticized the action of President Roosevelt, declaring the latter had dealt a severe blow to organized labor. He said in part: "I don't know why Mr. Roosevelt ought to be a friend to the working man. His associations, his instincts and interests have always been wholly on the side of the capitalist class. As governor of New York he sent the state militia to Croton dam to shoot down workmen for protesting against the violation of the eight-hour law. In his decision in the Miller case in the government printing office he struck a staggering blow at organized labor, the effect of which is as yet but little understood."

PATRIARCH MILITANT.

Fourteen Candidates Were Duly Initiated Into That Degree.

Sherman, Tex., Oct. 7.—Fourteen candidates were initiated as Patriarchs Militant. After the degree work a banquet was served. Chevalier Banks Sutherland, superintendent of the Odd Fellows orphan's home at Corsicana, for the benefit of the young chevalliers, described how the girls of the home receive young men callers. The cards are sent to the superintendent, and if the young man desiring to call is deemed worthy he is given permission to call, but is at all time during the call under the eyes of the matron of the institution. And should he propose marriage to a young lady of the institution he must also get the consent of the superintendent, in addition to that of the body from which the young lady was sent to the home. In the grand encampment forty-five encampments were represented. The committee on judiciary approved all the decisions of the grand patriarch during the last term.

Nine Persons Bitten.

Alto, Tex., Oct. 7.—A mad puppy bit nine persons at Nacogdoches. All of them came here to use a madstone. It adhered to every one.

Supreme Court Meets.

Austin, Oct. 7.—The supreme court met and organized Tuesday. There were several submissions. The entire court were present.

ARKANSAS LYNCHING.

Negro Taken From Sheridan Jail And Hanged in Courthouse Yard.

Little Rock, Oct. 7.—A special to the Gazette from Sheridan says: Ed McCollum, a negro, was taken from the county jail by a masked mob, tied to a tree in the courthouse yard and his body riddled with bullets. McCollum was placed in jail last Saturday on a charge of shooting Constable F. M. Crutchfield of Davis township while he was trying to arrest McCollum on a charge of assault with intent to kill a negro.

Member of Church of England.

London, Oct. 7.—The report that Sir Michael Herbert died a Roman Catholic is unfounded. The burial service was conducted by the archdeacon of Wiltshire, Canon Mead and Canon Oliver. The music included Mendelssohn's and Chopin's funeral marches and an interlude especially composed by Sir Hubert Parry, director of the royal college of music. The body was laid in a flower-lined grave in the churchyard. Wreaths were also sent by Cornelius Vanderbilt, Mrs. Ogden Goelet, the Earl and Countess of Yarmouth and the American society in London.

Contract Signed.

Rio de Janeiro, Oct. 7.—A contract between the Brazilian government and C. H. Walker & Co., of London, Eng., involving \$25,000,000 for harbor and dock improvement here, the work to begin in January next, has just been signed.

Bishop Doherty Arrives.

Manila, Oct. 7.—Bishop Doherty, the first American clerical dignitary appointed for the islands, has just arrived here. An enthusiastic welcome was extended to him by the Filipino and Spanish American American residents.

Over One Thousand.

Richmond, Ind., Oct. 7.—At the session of the National Horse Thief Detective association, a membership of 1166 was reported.

Platt Soon to Wed.

New York, Oct. 7.—Senator Platt of New York has announced that his marriage to Mrs. Lillian J. Janeway will take place here Oct. 15.
